Festival

Festival is the smart solution for locations needing to offer catering services 24/7, not just a vending machine but a true automatic canteen. The extreme flexibility of configuration allows the user to choose between snacks, drinks, fresh dishes, fruit and yoghurt. The enhanced electronics of **Festival** offers an advanced machine and product management.

HIGHLIGHTS

- Slide in - slide out cooler unit for easy access and replacement
- 8 or 10 drums with up to 36 compartments per drum (280 mm depth)
- Up to 40 different prices throughout the machine
- Flexible snack offering - small snacks, cans and up to a 9 inch plated meal
- Reduce downtime with independent drum operation - if one drum is damaged, out of order or being cleaned, the machines still operates
- Save time on site - no tools required to adjust compartment sizes
- Simple software menu making engineer visits quicker and easier

DESIGN

- LED front lit panel for a cleaner appearance
- User friendly features such as a backlit shopper button and clear pricing screens
- New aesthetics allowing continuity with the Samba and Canto range
- Flashing LED light path to guide the user

USER INTERFACE

- New shopper pushbutton
- Clear graphic display (10 lines, 20 characters per row)
- Option to take up to 3 payment systems at once
- Aluminium design suitable for all surroundings
